

Crematory Technician Certification Training Workshop

In cooperation with the Western Canadian Cemetery Association, The Saskatchewan Crematoria Council Inc. will be conducting a Crematory Technician Certification Training Workshop in Winnipeg, Manitoba. Under the Saskatchewan Funeral and Cremation Services Act Crematory Technicians must be Certified. Successful completion of this workshop will fulfill part of the requirements for Certification. For Crematory Technicians already Certified attendance at the workshop will fulfill the mandatory Continuing Education Requirements of the new Best Management Practices of the Saskatchewan Crematoria Council. In the past attendees have also been granted Continuing Education Credits by the Funeral and Cremation Services Council of Saskatchewan. We are also working with the Manitoba Funeral Board for continuing education credits with them as well.
